

R. NOEL SHAAK

Artist & Illustrator

RESUME

Born in Reading, Pennsylvania in 1976, I began drawing dinosaurs and birds at two-years-old, with incredible attention to detail. Always drawn to nature, I found unlimited inspiration for my art and was recognized at an early age. As a freelance artist I have produced portraits, realistic wildlife drawings, book covers, and renderings for landscape designs. Over the past three years I have produced a body of intricate and imaginary works grounded in nature. As I am also a horticulturist, nature is a dominant influence in all of my work.

ART EXPERIENCE
